

The traveller who's Swiss - by Elena © 2011

I have never told
- not told until yet -
that I have a friend,
a very good mate!
His name is Marcel,
he's a very good friend!
But careful with him,
he comes from the Swiss;
he has many tricks
he plays with a click.

With the top of a can,
he plays to have fun,
like that crazy cat
who's wearing a hat.

Don't worry about,
but he's like a bomb,
whether exploding or not
depends on your own.

Besides being Swiss,
he must be wise,
'cos just with a word
he changes your whole world!

He invites you to play,
just to play maths!
But it changes your life
by a life and a half.

Be careful with him
he has many tricks;
remember he is
"The traveller who's Swiss".
